

Watership Cantabile are a local mixed-voice choir, based in Newbury. Led by their Musical Director, Michael Howell, they have performed many concerts in the surrounding areas and are well known to local audiences.

They are delighted to visit St Paul's for the first time, to present a selection of choral music with a theme of "Love". What better for an autumn evening !

The Choir are always interested in recruiting new members. If anyone is interested in singing and would like further information about the choir, they should visit their website at www.watershipcantabile.co.uk or contact the Chairman, Chris Druce on 01635 820718.

We hope you enjoy the concert this evening and hope to chat with some of you afterwards.
